## An Experiment.

Following the suggestion made last week by our esteemed contemporary, the Hillsboro Gazette, a coating of hot coal tar has been put on Main street as far west as short street. The Hillsboro Light & Fuel Co have donated the tar to the town and the experiment will therefore be at very slight expense to the village. This experiment has been tried by the national government and it is claimed has always worked successfully. When first applied many were of the opinion that it would prove unsuccessful but it now looks as though it would prove entirely satisfactory and make the streets much better than before besides entirely preventing the clouds of dust which have been such a nuisance and so harmful to the stock of our merchants. If it has the merit which is claimed for it, it will be much better than the oiling the streets which we suggested trying last week as the oil would have to be applied much oftener than the tar and would be of no benefit in preserving the streets.

There is more heart disease in New York than ever before, and it is showing itself among the young children to a surprising extent.

## A GREAT SENSATION

We have been in business for a number of years and have heard of many kinds of liberal offers made by our merchants, but we have as yet to find the equal of the one that Hollingsworth & Walker are making. We will give it to you just as they have it.

The girl, boy or anyone who collects our **Premium Tickets** representing the largest amount of purchases of our fine line of Shoes before December 19, 1908, when contest ends, will be given **\$25.00 in cash**. Every purchase that you help us get will be counted as three times the amount on the ticket. Example, if you get some one to buy \$3.00 worth of shoes from us it will be counted in this \$25.00 contest as \$9.00. Instead of \$3.00, but if you have not helped us get a customer then it would simply be \$3.00 and no more, if you had collected the tickets and sent them in. Your own purchase will count as three times the face value of the ticket. Here is your chance to earn \$25.00 very easily, as it will not be much trouble to get people to buy our great lines of Walk-Over's for men or Queen Quality for women, they can't be beat. Our School Shoes are the pride of the store, once tried you will always wear them. Write for slips today.

## A Good Watch

for every boy who will work a little. Just sign a number of our slips, give them to the boys and girls at school and ask them to give them to their parents; then tell the girls about that doll, and its gold against doughnuts that you get that watch by the end of a week or two for you only have to get these people to buy \$18.00 worth, and if you need a pair, or papa or mamma, brother or sister, aunt or uncle, you would not have to go out of your family to get that \$18.00 and the watch that is a good time keeper and you will be proud of it. You surely want that \$25.00, and some one with but a very small amount will get it. The terms to the boys are the same as mentioned above, but don't forget that your own purchase counts three that of the tickets you collect. We will help you in every way possible to earn this \$25.00, but have not the space here to tell you of all the things we have planned for you. If you will drop in the store we will give you all the assistance possible, and perhaps tell you of things that would never come to you otherwise. Don't forget to write for those slips today and we will do the rest.
